

MIL CLICKS* PACT

Think Critically and Click Wisely

I am a MIL CLICKER, I pledge to **REVIEW** before I click, post, and share:

Rights: I recognize that I am a global **citizen**** with rights and agency online and offline. I am aware that my online posts can have both visible and unknown consequences on me or towards the rights of others. It is important to **think critically** before posting and sharing. Even if I make a mistake, I will act ethically and correct it.

Education / Economy: I recognize that I am part of a global village and economy. I understand that my full **literacy** includes being information and media literate. Therefore, my self-empowerment through the pursuit of information, media and technological competencies can contribute to peace and **sustainability** of my country, region and the world.

Voice: I commit to sharing my voice and acting as a peer-educator of media and information literacy for all. I will advocate and pursue **creativity** and self-expression, and drive positive development-oriented conversations in online and offline spaces.

Intercultural dialogue: I am aware of different cultural and religious views as well of various beliefs that other people have that may not align with mine. I respect our differences. I will try to see things from the perspective of others though I may or may not agree with them. I see MIL as a tool to enhance my rights, and that of other people to make informed decisions to engage in **intercultural dialogue** and cultural understanding of people. As a media and information literate person, I will commit to a dialogue that does not spread hate.

Ethics: I will not share information that I know not to be true/factual. I am a respecter of others privacy, their rights online (including their intellectual rights), and I will use ethical judgments when sharing and posting content. Whenever sharing content from others, I will include references and allow readers to access the source of my comment and make their own judgment.

Wise clicking for women and men: I recognize that the information, media, technological and communication landscape concerns women and men of all ages equally. I understand that MIL is a tool to promote gender equality. I commit to using my MIL competencies, when acquired, to advance the equal rights of women and men of all ages – as far as I am able and have the opportunity. I commit to applying **media and information literacy knowledge**, skills and attitude when assessing information online or offline and sharing it further with my friends and family.
